SHREDDER OUTPUT CONVEYORS Attached or Freestanding Discharge Conveyors

Ameri-Shred's heavy duty discharge conveyors carry the shredded material away from the shredder into a baler, compactor, dumpster or container.

Available in belt widths from 18" to 72" wide and various lengths, these output conveyors have extra high side frames and are available in attached or free-standing models. Additional options include baler hoods and top covers.

Standard Features:

- 208, 230 or 460 volt
- Belt: PVC-120 rough top
- Frame: Bolt together 10 gauge
- Side skirts: 6" high with PVC side guides
