PRODUCT DESTRUCTION SHREDDERS Pierce & Tear Shredders

Our hopper fed product destruction shredders are designed for your specific application. The size of the hopper, motor and cutters will depend on the product, the particle size and the required throughput.

These pierce and tear shredders discharge into a container placed underneath the cutting chamber and can include an optional in-feed conveyor.

Standard Features:

- Separate control panel
- Top feed or front feed hoppers
- Saw tooth, hooked cutters

Possible Applications:

- Clothing or uniforms
- Shoes, wood or plastics
- E-scrap and e-waste
-
